Supplies for the Pay shandy 15th February.

The Mining Board has sufficient stocks of delta rice to meet the requirements of the employees of the Mines. The Vice-President expects to receive 100 tons of delta rice out of the January allotment in the course of 2 or 3 days. If this arrives supplies for the next shandy are assured. If there should be delay in the arrival of the rice, the Food Controller will arrange for 500 bags of delta rice ~~for~~ being supplied to the Field from the reserve stocks in the Provincial Grain Depot or from the stocks with importers. The Vice-President will send his own merchants to take over the rice if absolutely required.

January allotment of Burma rice.

The 240 tons of rice allotted to the Mining Board and the260 tons allotted to merchants nominated by the Special Magistrate have been shipped from Rangoon per S.S. "Elenga" and are expected to arrive on the Gold Field by the middle of this month. Supplies for another month are thus fairly assured.

February allotment of Burma rice.

The Mining Board will take 240 tons and

and has arranged credit for Rs. 43,200 in the Bank of Bengal, Rangoon. They desire the Food Controller to buy this for them. The Vice-President wants 500 tons of whole rice and 100 tons of broken rice out of the February allotment. He hopes to recover the Rangoon cost from his nominees and remit the same to the Food Controller, so that the same may be transferred to Rangoon.

March. The Mining Board desires to take up 240 tons for March. It is decided that the arrangements for the purchase of this should be deferred till the Food Controller returns. The Special Magistrate will also intimate his requirements later on.
